Your Wells Fargo CD (Time Account) will be maturing on the date indicated above. You made a sound financial decision when you opened your CD. In addition to the guaranteed rate, your account is backed by the strength of Wells Fargo Bank and the safety of the Federal Deposit Insurance Corporation (FDIC).

Your CD will renew automatically for the same term and, at the rate available at the time of maturity. During the 7 calendar-day grace period that begins on the day after your maturity date, you may also choose to:

- Add funds to this account - higher balances typically earn higher rates.
- Change the term - longer terms usually earn higher rates.
- Call Wells Fargo at the number listed above or contact your banker to see if there are any special CD offers or promotions, and to find out the current rates.

If you have a personal account, the balances in your CD count toward the combined balance requirements for many of our personal, interest-bearing checking accounts - including our popular Wells Fargo Advantage Checking, Wells Fargo Advantage Plus Checking and Portfolio Management Accounts. Your CD balance may be high enough to waive the monthly service charges on one of these accounts. Talk to your banker, call Wells Fargo, or go online to wellsfargo.com for details.

For your reference, the terms and conditions that will apply to your account upon renewal, are printed on the back of this notice. We appreciate your business. Thank you for banking with Wells Fargo.

TIME ACCOUNT DISCLOSURE

Time Accounts are governed by the terms and conditions contained in this notice and the terms and conditions contained in the Account agreement you were previously provided. Together, these documents form a binding contract between you and the Bank. If there is a conflict between the terms and conditions contained in this notice and the terms you were previously given, the terms and conditions in this notice will govern.

MINIMUM DEPOSIT: We generally require \$2,500 for new/renewing Consumer and Business Time Accounts (CDs) and \$1,000 for Retirement Time Accounts (CDs). Higher or lower minimum deposits may be required in some markets. We will provide you with a separate notice if a different minimum deposit requirement applies to your account.

INTEREST RATE: The interest rate and Annual Percentage Yield (APY) in effect when you open or renew your account are guaranteed for the term of your deposit. The Annual Percentage Yield disclosed to you assumes that interest will remain on deposit until maturity. A withdrawal of interest prior to maturity will reduce your earnings. Interest rates and Annual Percentage Yields are set, at the Bank's discretion, according to market conditions and are subject to change daily. To obtain current interest rates and Annual Percentage Yields, please call the telephone number printed on your maturity notice.

METHOD OF COMPUTATION: The daily balance method is used to calculate interest on your account. Interest is calculated on a 365-day year, or 366-day year in leap years, and is compounded daily from the business day of deposit to the day of withdrawal. Interest rates and corresponding Annual Percentage Yields may vary based on the amount and term of deposit.

INTEREST RATE TIERS: Interest rates and Annual Percentage Yields are based on your collected balance level (tiered rates). The balance tiers for all Time Accounts are as follows: \$0 - \$499.99; \$500 - \$999.99; \$1,000 - \$2,499.99; \$2,500 - \$4,999.99; \$5,000 - \$9,999.99; \$10,000 - \$24,999.99; \$25,000 - \$49,999.99; \$50,000 - \$99,999.99; \$100,000 - \$249,999.99; \$250,000 - \$499,999.99; \$500,000 - \$999,999.99; \$1,000,000 +. Rates offered within two or more consecutive tiers may be the same. When this is the case, rate sheets will show those multiple tiers as a single tier. Each tier shown reflects the current minimum balance required to obtain the stated Annual Percentage Yield.

TERMS: We generally offer Time Accounts with terms of 3 to 144 months. Day terms of 14 days to 365 days may also be available in some markets for Time Accounts of \$100,000 or more. Longer or shorter minimum term requirements may apply in some markets. We will provide you with a separate notice if a different minimum term requirement applies to your account.

RENEWAL POLICIES: Accounts with terms less than 30 days will not automatically renew. If your Time Account is automatically renewable, at maturity it will renew for a like term, and at the Bank's interest rate and APY in effect on the maturity date for a new Time Account of the same term and amount, unless the Bank has notified you that it will not renew your account. You will have 7 days after the maturity date to withdraw funds without penalty. If you do, the Bank will not pay interest for that period on the funds withdrawn. If your Time Account is not automatically renewable and you do not withdraw the funds on the maturity date, the funds will stop earning interest, and will be available for immediate withdrawal.

GRACE PERIOD: 7 calendar days beginning the day after your account matures.

DEPOSITS/WITHDRAWALS OF PRINCIPAL: You agree to keep your funds on deposit until the maturity date. You may make one additional deposit to your account during the grace period. You may make withdrawals from your Time Account on the maturity date or within seven days after that date. If you withdraw funds during the grace period, the Bank will not pay interest from the maturity date to the date of withdrawal on the funds withdrawn. If the maturity date falls on a weekend or holiday, funds become available the following business day. The Bank will not agree in advance to allow withdrawal before maturity. All or any part of the principal may be withdrawn before maturity if you die or are judicially declared mentally incompetent. In all other cases, withdrawal before maturity will be permitted only with the Bank's consent.

EARLY WITHDRAWALS: A fee will be imposed for early withdrawal. If the term is less than three months, the early withdrawal fee is one month's interest on the principal amount withdrawn, at the rate on your account at the time of withdrawal - or the minimum fee - whichever is greater. If the term is three months through twelve months, the early withdrawal fee is three months' interest on the principal amount withdrawn, at the rate on your account at the time of withdrawal - or the minimum fee - whichever is greater. If the term is greater than twelve months, the early withdrawal fee is six months' interest on the principal amount withdrawn, at the rate on your account at the time of withdrawal - or the minimum fee - whichever is greater. If the early withdrawal fee is greater than the earned and/or paid interest, the difference will be deducted from the principal. The minimum fee amount is \$25.
